

Nursery's Teddy Bear Adventure

The children, and their Teddy bears, visited Brandon Marsh on Friday 16th June. Before we even set off some of the boys commented "it's so exciting".

Once we arrived we met our teacher for the morning Naomi.

First we went to 'Mouse Hall' and listened to the story of Goldilocks and the 3 Bears. Then we explored the environment and discovered a mouse bedroom, kitchen and lounge.

We then headed off to the woods to build houses for our bears. Once they were safe in their houses we went and collected items to make some bear porridge, we all fed our bears.

Then it was time for some fun and games before the most important part of the day lunch time.

We had time for more exploring and playing after lunch before wearily climbing onto the coach to head home.

Can we say a HUGE 'thank you' to all of the Mummies, Daddies and Grandparents that joined us for the day. Without their help we wouldn't have been able to go.
