## Breakfast & Afternoon Tea in the Nursery

We had a very busy day in nursery. The children invited their parents to join them in the Nursery for a play and stay session. Some arrived very early and had breakfast with us, others came at the end of the day and enjoyed afternoon tea.

The children got to share all of their toys with their parents, brothers and sisters. It was great to spend time with them an opportunity to get to know all the families.

Everyone said how much they enjoyed themselves. We will be having more sessions like this during the year so that none of our families miss out on the fun.
