

## English

### Reading.

Checking that the book makes sense to them, discussing their understanding and exploring the meaning of words in context.

Asking questions about the text to improve their understanding.

Drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence.

### Writing.

**Narrative writing:** Children to use the stimulus of Soar to write a short narrative using skills learnt in year 5 so far. To learn the skill of editing to improve work to create longer narrative pieces.

**Poetry:** Writing using iambic pentameter

**Biography writing:** Researching WW1 poets and writing biographies on their lives.

**News report:** explaining the start of the war.

### Spelling.

Learning to spell words that appear on the year 5 spelling list.

Children are learning to spell words that contain silent letters e.g. Knight, island.

Spelling words that have the suffixes; ible and able and noticing how the root word needs to be adapted when adding a suffix to it. Recapping rules for plural words and adding an apostrophe for possession. Looking at words that have the i before e except after c spelling rules and words that are exceptions to the rule.

### Grammar.

Looking at different sentence types and focussing on how to write a complex sentence and use it in our writing. Recapping how to use commas in different ways, focussing on how to add an embedded clause to add extra information using commas. Prepositions, verb types, determiners, parenthesis, linking two clauses and other punctuation.

## Maths

### Number.

X and ÷ by 10, 100, 1000

Counting on and back with negative numbers

Prime numbers and prime factors

Roman Numerals

### Other areas.

**Calculating area and perimeter**

**Converting units of measure**

Solving multi-step word problems involving all 4 operations.

Reasoning investigations involving topics covered in mathematics to improve conclusions written.

Proving and finding prime numbers

**Our Theme is:  
People, Poets and Peace**

**Learning Web—core subjects**

## Science

### Knowledge.

Children will explore changes in materials that are difficult to reverse, for example, burning, rusting and other reactions such as mixing vinegar with bicarbonate of soda. They will explore the work of famous Scientists who have invented new materials; for example, Spencer Silver, who invented the glue for sticky notes and Ruth Benerito, who invented wrinkle-free cotton.

### Working scientifically.

Children will plan enquiries, including recognising and controlling variables. I can report findings from enquiries, including oral and written explanations of results, explanations involving causal relationships, and conclusions.

### Skills.

Children will take measurements, using a range of scientific equipment, with increasing accuracy and precision. (E.g thermometers; measuring cylinders; stop-watches.) They will record data and results using scientific diagrams, labels, tables and bar and line graphs.

### Ways You can help at home.....

- Read with your child every evening and ask them questions about the text. Some where they may need to look for clues in the text to think about what they answer could be.
- Sign the reading diary every **Friday—they should read three times a week at least.**
- Practice times-tables all up to 12 X 12 and division facts.
- Practice spellings at home to support with learning in school.
- Ensure homework is completed and handed in on a **Wednesday.**

### R.E.

**Words of Wisdom:** In this unit, pupils will consider the sources of guidance they use in their own lives and how they value these. They will investigate the importance of sacred text and its significance to believers.

### P.E.

#### **Handball**

Children will learn to select passes and find space. Children will learn how exercise will benefit and effect their bodies.

#### **Basketball**

I use a variety of techniques to pass.  
I work with my team or alone to gain possession of the ball.

### Art and Design.

**Artist study- Georgia o'keefe-** Painting poppies focus on dark/shade/tints and tones. Children will use a mix of oil and chalk pastels.

### P.S.H.E.

**Working Together:** Children will continue to have opportunities to further understand their actions and skills, and how these can be interpreted by others. They will consider personal decision making and goal setting

**Our Theme is  
People, Poets and Peace**

### Humanities.

The British Empire at the beginning of World War 1. Locating countries involved in the war on a 1914 map.  
How World War 1 began and developed from 1914 to 1918.  
Life for soldiers in the trenches, women during the war and children at school and joining the army.  
How the World War 1 ended, signing of the armistice.  
Remembering soldiers who have lost their lives defending their countries.

### Computing

**Programming**  
Children will learn basic programming techniques to create their own computer game.

### Music.

Children will continue to improve their singing by learning songs for our assembly and the Carol Concert.  
  
Children will learn to play some carols on the recorder.
